

## **Connecticut State Department of Education**

### **2021 Grade 11 Connecticut SAT School Day**

Students eligible to receive accommodations on the Connecticut SAT School Day are those students who have an active **Individualized Education Program (IEP)**. The IEP defines what services are provided to students with disabilities, including how they may best access statewide assessments. The other group of students who may receive accommodations on the Connecticut SAT School Day are those with a **Section 504 Plan**, which also documents what needs these students may require.

During the online request process, in some cases, the system may request additional documentation. For the March 24, 2021, or April 13, 2021, (or make-up dates April 27 or April 28) Connecticut SAT School Day only, if documentation is requested by the College Board's Services for Students with Disabilities (SSD) system, use this form when documentation is requested. Submit this documentation online by selecting Upload Documentation Now.

**No additional documentation is needed.**
